## **OUR MISSION**

Our mission is to love Jesus, with all our heart, soul, strength, and mind while loving our neighbors as ourselves. We then know and share this Love and Hope courageously with others.

## **OUR CORE VALUES**

### **Worshipping Community**

Our Worship is centered on Jesus and is practiced in the Episcopal tradition of the priesthood of all believers, using spiritual tools from the church fathers and mothers.

### **Belonging**

At Baptism, we become part of God's family. A new family, where everyone belongs and is included and engaging in spiritual growth, sharing what they know of Jesus while seeking to learn from those who know and live their faith.

### **Connecting**

We gather and grow through reflection on God's Word; praying for one another and loving one another and those who join us in fellowship.

### **Tenaciously Boldly Going Out**

As disciples of Jesus, we are called to go out and share the love of God with others by word, service, and presence.

### **Spreading Hope Through Sharing the Word of God**

Through engaging in study of the Word and living a life of faith, we share God's Word to help others find Hope in Christ.

### **Inviting, Welcoming, Connecting**

We courageously invite others into relationship with us as individuals and our worship community through social media, mail and in person. We have a robust newcomer welcoming and integration process fully in place to receive, welcome and want to connect. We encourage members to engage and participate in worship on a regular basis. We make disciples in the way of love and hope, by first tending to our own spiritual growth as we look for any reason to fall in love with God and one another, and then seeking a few others we can share with, through one-on-one fellowship, small groups and fun.

### **Going Into The World**

We are Stewarding our resources and collaborating with others to serve the good of our greater community.

### **Loving Each Other**

## RECTOR'S REPORT

*Our mission to love Jesus, with all our heart, soul, strength and mind while loving our neighbors as ourselves*—this was reaffirmed in 2020. We took it a step further last year to live this in practical ways—by identifying core values and setting goals. Teams formed to make this a reality.

### CORE VALUES

#### **Worshiping Community:**

We worshipped as a community in person on Sundays: Rite I - 8 AM and Rite II - 10:30 AM. In March, due to the pandemic, we moved worship online (Facebook: St Georges Texas City and Zoom) to 9:30 AM. We added Evening Prayer on Wednesdays on Zoom and Noonday Prayer on weekdays (M-F) on Facebook with over 20 members helping own this ministry and sharing a devotion on the theme of the season. Our reach was to over 800 people initially as we shared the Good News and tools for staying focused on God with us in the midst of so many changes. On September 13th, we came back to worship in person in the church at 11 AM on Sundays using our safety precautions. We continued our online services at 9:30 AM every Sunday and Noonday Prayer Monday through Friday. We held 6 memorial services during the year. Hybrid services allowed for small groups of the immediate family to be in person and offer the rest of the family and friends to be present with us online via zoom. This enabled folks to share stories and celebrations in memory of the loved one, which has been very effective in helping families begin the grief process. We remember Gil Goodwill, Jim Golberg, Lloyd Criss, Nancy Rameriz, Lenny Cianciotto, and Pat Moyer. We pray God bless and comfort their families.

#### **Belonging:**

We welcomed 3 people through Baptism as part of God's family, confirmed 4 people, and received 2. As part of a new family, where everyone belongs and is included, we invite all to engage in spiritual growth and share what they know of Jesus while seeking to learn from those who know and have lived their faith. Sharing the faith with the congregation and newest members, we held Compassion Camp for the new and old Members during July and August. The preaching, teaching, and activities all focused on Compassion. This was offered to the youth in collaboration with Grace - Alvin. Other themes for the year were praying the Lord's Prayer, the 23rd Psalm, Holy Resiliency and Practicing Hope. We used living compass materials for Lent and Advent to inspire wellbeing.

#### **Connecting:**

We gathered and have grown online and through small groups—reflecting on God's word; praying for and loving one another and those who join us in fellowship.

### **Tenaciously Boldly Going Out:**

As disciples of Jesus, we know we are called to go out and share the love of God with others by word, service and presence. We did this boldly in 2020 by leaning on our relationships with our ecumenical partners to inspire over 200 people to go and pray over our schools before school started in three cities. We also mobilized many, with yard signs, to encourage and pray over our first responders in Texas City, La Marque and Dickinson. We treated them to a free coffee and snack by giving a coupon for local coffee shops. On Pentecost, we hosted a prayer parade in which we gathered and drove around Texas City and La Marque inviting Thy Kingdom Come, Thy Will Be Done! Praying the Holy Spirit come fill our cities!

### **Inviting, Welcoming, Connecting:**

Forming Love teams to grow as disciples, we have been able to grow in leadership, taking on such roles as group leader, communications coordinator, chaplain, plan keeper, and prayer partner to help make real the goals we as a community set in February.

We make disciples in the way of love and hope, by first tending to our own spiritual growth as we look for any reason to fall in love with God and one another, and then seeking a few others we can share with, through one-on-one fellowship, small groups and fun. This has helped more people engage in some way whether praying from home, serving on a love team—writing letters or on the call committee, or leading Noonday Prayer. While separated, we actually had more people engaged than ever and have been able to reconnect with our homebound in meaningful ways that has been very life-giving to all.

In tending to our goal to invite, welcome, and connect with others, we courageously invited others into relationship with us as individuals and our worship community through social media, mail and in person. We are working to have a robust newcomer welcoming and integration process fully in place to receive and welcome all who want to connect. We have had 90% of our members engage on social media worship and have drawn past members, friends, and family from near and far to worship with us on a regular basis. We celebrate that hearts and lives are being transformed.

### **Going Into The World:**

We stewarded our resources and collaborated with others to serve the good of our greater community. Beginning at Easter, a small team prepared and delivered meals to 40 people and eventually to over 120 people every 2 weeks. To date, over 2,250 meals and packets with bible studies, newsletters, and services have been shared. This provided a means for members and our Pastor to connect with homebound members. Many members furthered the ministry by asking for a meal with neighbors and to bless those out of work.

### **Loving Each Other:**

We have cared for and loved each other through online fellowship, phone calls, cards, food, and running errands to express caring relationships by supporting each other, staying in touch, identifying needs, sharing time and resources and having fun and fellowship. We hosted a small, socially distanced Griefshare class both in person and online in the Fall. In identifying needs, we began gathering those who are caregivers of someone with dementia and bringing in experts from the wider community to help share resources and support. For Advent, we determined our young families needed some extra love, so we created Advent Calendars in a Bag and a home blessing kit.

Our Stewardship Theme, “Doing What Love Requires,” called members to active discipleship by doing something, engaging in community and worship, and giving financially. We had 4 people pledge for the first time and several members increased their giving significantly with time and resources. We are so grateful for everyone no matter the amount they give. These are all signs of health and vitality and hearts being transformed. While we were unable to host our usual Hope Festival, we held several fundraisers which also provided people with comfort food. We also received several grants which brought in about the amount of money we would have raised with our fundraisers in the past. We asked family and friends to be generous this Giving Tuesday by giving to St. George’s, so we could continue to make Ambassador’s of Christ. Together we can do more!

### **Spreading Hope Through Sharing the Word of God:**

Our opportunity moving forward is to keep the teams going and have more fun in the midst of the challenges of COVID-19. We will do additional training with prayer partners, leaders, and communications leaders. In addition, we will form and train up a team around spiritual formation. We have held and will continue bi-monthly trainings for the Chaplains encouraging them to help re-direct our focus first and foremost on who God is, the nature of God, and to give thanks for who He is. Who we say God is shapes our theology and then how we interact with everyone else. God alone is worthy of our praise. This is the secret way through hard times—to praise God!

We need to set our focus on and fall in love again with who God is and be in awe. This will require everyone to do their own spiritual work personally and then participate in community spirit-led worship based prayer. We have made great strides towards this shift. Love begins with the one who loves us all more than we could hope or imagine! When we look to love and are open to what God wants to do in and through us and join in what He is already doing in the world—anything is possible!

I pray you all are able to find renewed Hope and Joy in Christ in the midst of so many changes and challenges.

In Hope & Prayer

Pastor Robin+

## SENIOR WARDEN'S REPORT

Wow! What a year. It has been busier than we ever thought; however, much has been accomplished.

We held Bible study and staff meetings weekly until Covid-19 hit in March.

Diocesan Council was held in Waco in February and was a great success. As usual, I was very impressed and came away feeling very blessed and grateful to be an Episcopalian.

The Vestry retreat was held in February and we invited Reb Scarborough to conduct a Mission and Vision session to help us determine where we want to go as a congregation and how we want to get there. So far, we've been able to set up these teams: 1) Invite, Welcome, Connect 2) Caring For Each Other and 3) Into The World. The work of these teams in 2020 included: spiffing up the church and gardens to make it more inviting, setting up phone bank teams, and cooking Dinners for Christ.

We had a very productive meeting with Bishop Monterroso in February. He is a good listener and we are good talkers.

Then Covid-19 hit!! We had big plans to have a bigger and better Spring Soiree, Fish Fry and Hope Festival; however, we instead had other successful fund raisers. David Kautz started Cooking for Christ and we took that idea and made a couple of fundraisers out of it. In the spring, we sold chicken spaghetti and made around \$1815.00. In the fall, we sold hams and chili and made around \$1580.00. Many, many thanks to all who helped with these, which included most, if not all, the members in some way. We also made masks for anyone who needed them. Eleanore was the ring leader of this and did a wonderful job.

Another first for us—we had noonday prayer every weekday with members graciously participating.

We also participated in the annual city-wide Thanksgiving dinner last year. We put the dinners together and delivered them.

We learned Zoom and Facebook for our services and meetings and we ran with it. It's not the same as in person; however, we can reach even more people, including the homebound. In September, we were able to start in person services on a limited basis. I think I can speak for all when I say we are looking forward to a very Happy and Healthy 2021! Blessings to all.

Thank you, Helen, for setting this in place. It makes my job easier.

## **STEWARDSHIP REPORT**

Our Stewardship theme for 2020, "Doing What Love Requires," focused on the complex times in which we found ourselves. Recalling the prophet Micah, Presiding Bishop Michael Curry reminded us that as followers of Jesus, we must ask ourselves and our communities "What would love do?" Answering this question is our life's work, and we are privileged to stand among the saints who have done what love required of them in their time and place. Understanding this, it was our turn to answer the question and focus on the many ways in which we could respond in love to the needs around us.

Our goal was to increase pledgers and giving. We asked people to give God 10% of the 100% He's given. We had 4 new pledgers giving over \$15,000! All but 3 people pledged from last year. If all who are affiliated with our church gave as they have been blessed, we wouldn't have a shortfall.

We will continue teaching and preaching about stewardship. As it is a sign of spiritual maturity and growth to give. Thank you all for giving thanks to God for His many blessings.

Pastor Robin

## PLEDGE TREASURER REPORT

We began 2020 with 26 families pledging \$85,569.00 for 2020. Due to COVID-19, we had irregular cash flow and lost budgeted income. After our Stewardship Campaign at the end of the year, we will be able to begin 2021 with 35 families pledging \$119,628.00 for 2021.

Ann John

## ONLINE SUNDAY SERVICES REPORT

In 2020, Sunday Services began with Rite I at 8 AM and Rite II at 10:30 AM. Midway through March, we moved Sunday Services online with Morning Prayer at 9:30 AM on Facebook. In April, we shortened Rite II and began with our updated 9:30 AM service on Facebook and Zoom. We added pre-recorded music by Beth Rogers and are grateful for Raquel running the technology! Their help has been invaluable. After coming back to worship in-person mid-September, we continued to have our online services.

During our online services, we had a few guest preachers:

- Jason Evans, Missioner for Missional Communities at the Episcopal Diocese of Texas
- Bishop Hector Monterroso
- Deacon Joseph Mills

Since we were able to have online services, we were able to create special videos for Palm Sunday, for Good Friday, and for our Christmas Pageant.

At the end of 2020, we applied and were rewarded a \$2,000 technology grant to upgrade equipment.
