What do I need to know before I come?

1. Come with a friend or you will be paired with another volunteer
2. **Receive a 30 Minute Training on Assessing Homes**
3. You will receive checklists on five nearby homes, pre-selected for you.
4. You & your partner will visit each home, one will complete the checklist while the other uses a cell phone to take pictures of home damage.
5. Once finished you will return to turn in the completed checklists and debrief.

Thanks to you, case managers will be able to identify our most vulnerable neighbors first (ie, Handicapped, Elderly, Low-Income, Unsafe Conditions) which will allow formal construction assessments to be done & supplies ordered and finally, volunteers will be recruited for repairing and rebuilding!
